

## FACT SHEET

### ABOUT US

Balfour Beatty Infrastructure, Inc. is a leading provider of heavy civil engineering and construction services for transportation and water infrastructure projects in the United States. Established in the U.S. in 1990, Balfour Beatty Infrastructure provides services to municipal, county, state and federal agencies, particularly State Departments of Transportation and Expressway Authorities. Since its inception, Balfour Beatty Infrastructure has performed more than 100 major heavy civil construction projects across the country, ranging in size from small (approximately \$3 million) to large (more than \$400 million), employing a variety of project delivery models.

### 2009 HIGHLIGHTS

- Backlog of approximately \$450 million
- Approximately \$400 million in revenue
- More than 600 employees
- Ranked 102nd by Engineering News-Record (ENR) on the 2009 list of Top 400 Contractors in the U.S.
- Ranked by ENR as 15th on the Top 20 Transportation list and 12th on the Top 50 Domestic Heavy Contractors list
- Ranked 18th in the Transportation category by Roads & Bridges on the 2009 "Go-To List for Top Contractors"
